Speakers

Average Score

Laura Lin Gosbee	4.71
Marry Vernacombe	4.76
Tim Buckley	4.59

(1- Poor, 5- Excellent)

Comments

What were the best aspects	Other comments	Course/Seminar suggestions
HF Engineering Great Topics All great speakers and well organized and informative I enjoyed Marry's description on SARS Epinepen example was excellent w/Laura's Various insights from different professions SARS info Human Factors presentation, good end ! SARS Focus MF design & testing Learning about new aspects of my job	No handouts from one speaker More time allowed for round table discussion	 Digital Image/Video capture systems
